Chester, Connecticut 06412-0684
Phone: (860) 526-9504

Internet: www.whelen.com
Sales e-mail: autosale@whelen.com
Customer Service e-mail: custserv@whelen.com

⚠ WARNING: This product can expose you to chemicals including Methylene Chloride which is known to the State of California to cause cancer, and Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Mounting and connections...

1. Place the flange onto the mounting surface and mark the location for the two mounting screws and the wire access hole location as shown.
2. Drill two mounting holes for the two #6 X 3/8" sheet metal mounting screws and a 3/8" wire access hole. Be sure to thoroughly deburr these holes.
3. Route the wires through the gasket and the wire access hole and secure the lighthouse with the supplied mounting screws. **NOTE: Make sure the Whelen logo on the lens is properly oriented after mounting.**
4. Connect the sensor wires as follows:

RED - Connect to a fused, ignition controlled +12VDC power source
BLACK - Connect to Chassis Ground
VIOLET - Connect to the High/Low Power control wire of the desired device

IMPORTANT! Before returning this vehicle to active service, confirm proper operation of this product, as well as all vehicle components/equipment.
