**PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 22, 2020**

GENERAL

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors (the “Board” or the “Board of Directors”) of Miller Industries, Inc. (the “Company” or “Miller Industries”) for use at the Company’s 2020 annual meeting of shareholders (the “Annual Meeting”) to be held at the Hilton Garden Inn Hotel, 879 College Drive, Dalton, Georgia 30720*, on Friday, May 22, 2020, at 9:00 a.m. (Eastern Time), and any adjournments or postponements thereof. It is anticipated that this proxy statement and the accompanying proxy card will first be mailed to shareholders on or about April 17, 2020.

Only holders of the Company’s common stock, \$0.01 par value per share (the “Common Stock”), at the close of business on March 31, 2020 are entitled to notice of and to vote at the Annual Meeting. On such date, the Company had issued and outstanding 11,405,468 shares of Common Stock. A list of all shareholders entitled to vote will be available for inspection at the Annual Meeting.

* *We intend to hold our Annual Meeting in person. However, we are actively monitoring the outbreak of the coronavirus known as COVID-19, and we are sensitive to the public health and travel concerns our shareholders may have and the protocols that federal, state, and local governments may impose. For that reason, we reserve the right to reconsider the date, time, location and/or means of convening the Annual Meeting, which may include holding the meeting solely by means of remote communication. If we take this step, we will announce the decision to do so in advance, and details on the date, time and how to participate in the meeting will be issued by press release, posted on our website, and filed with the SEC as additional proxy material. As always, we encourage you to vote your shares prior to the Annual Meeting.*

VOTING PROCEDURES

A majority of shares entitled to vote and represented in person or by proxy at the Annual Meeting will constitute a quorum. Abstentions and broker non-votes will be counted for the purpose of determining a quorum. Each outstanding share of Common Stock is entitled to one vote.

Our bylaws were amended by our Board in 2019 to provide a majority voting standard for the election of directors in an uncontested election, such as this election. Accordingly, for Proposal 1 to elect seven directors to our Board, a director nominee must receive a greater number of votes cast “for” such director nominee than votes cast “against” such director nominee to be elected. Our Board has adopted a policy governing what will occur in the event that a director does not receive a majority of the votes cast. Additional information concerning our policy for the election of directors is set forth under the heading “Majority Voting in Uncontested Director Elections.”

Proposal 2, to approve, by non-binding advisory vote, the compensation of the Company’s named executive officers, will be approved if the number of votes cast “for” such proposal exceeds those cast “against” it. Proposal 2 is advisory and therefore is not binding on us, our Board or our Compensation Committee.

For all proposals in this proxy statement, abstentions are not considered “votes cast” and, therefore, will not have an effect on the results of the votes on any proposals.

Broker non-votes are not considered “votes cast” and, therefore, will not have an effect on the results of the vote with respect to any proposal in this proxy statement. A broker non-vote occurs when a proxy received from a broker or other nominee holding shares on behalf of a client does not contain voting instructions on a non-routine matter because the broker or nominee has not received specific voting instructions from the client with respect to such non-routine matter. The proposals in this proxy statement are non-routine matters and accordingly the brokerage firm cannot vote your shares on those proposals without your instructions.

If you hold shares of Common Stock in your own name as holder of record, you may give a proxy to be voted at the Annual Meeting in any of the following ways: (i) over the telephone by calling a toll-free number; (ii) electronically, using the Internet; or (iii) by completing, signing and mailing the enclosed printed proxy card. If you are a shareholder of record and would like to submit your proxy vote by telephone or Internet, you should refer to the specific instructions provided on the enclosed proxy card. If you are a shareholder of record and wish to submit your proxy by mail, you should sign and return the proxy card in accordance with the instructions thereon prior to the Annual Meeting. Additionally, a holder of record may vote in person by completing a ballot at the Annual Meeting. Even if you currently plan to attend the Annual Meeting, the Company recommends that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you hold shares of Common Stock through a broker or other nominee (i.e., in “street name”), the broker or nominee should provide instructions on how you may instruct the broker or other nominee to vote those shares on your behalf.

A shareholder of record who votes over the Internet or by telephone may revoke the proxy by: (i) attending the Annual Meeting, notifying the Secretary of the Company (or his delegate), and voting in person; or (ii) voting again over the Internet or by telephone by no later than 11:59 p.m. (Eastern time) on May 21, 2020. A shareholder of record who signs and returns a proxy may revoke such shareholder’s proxy at any time before it has been exercised by: (i) attending the Annual Meeting, notifying the Secretary of the Company (or his delegate), and voting in person; (ii) filing with the Secretary of the Company a written revocation; or (iii) executing and delivering a timely and valid proxy bearing a later date. Unless revoked, where a choice is specified on the proxy, the shares represented thereby will be voted in accordance with such choice. If no choice is specified, such shares will be voted in accordance with the Board’s recommendations on the proposals in this proxy statement, as set forth below, and in the discretion of the proxy holders on any other matter that may properly come before the meeting. If you hold shares of Common Stock in street name you must follow the instructions given by your broker or nominee to change your voting instructions.

The Board of Directors recommends that you vote your shares of Common Stock as follows:

- **FOR** the election of each of the seven director nominees named in this proxy statement; and
- **FOR** the approval on an advisory basis of the compensation of the Company’s named executive officers.

The Board of Directors has designated William G. Miller, William G. Miller II and Frank Madonia, and each or any of them, to vote on its behalf the proxies being solicited hereby. The Board of Directors knows of no matters which are to be brought to a vote at the Annual Meeting other than those set forth in the accompanying Notice of Annual Meeting. However, if any other matter properly does come before the Annual Meeting, the persons appointed in the proxy, or their substitutes, will vote in accordance with their best judgment on such matters.

NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS

The Company posted materials related to the Annual Meeting on the Internet. The following materials are available on the Internet at www.millerind.com through the “Investors Relations” link:

PROPOSAL 1 ELECTION OF DIRECTORS

Introduction

Pursuant to the Company's charter and bylaws, the Board of Directors has fixed the number of directors at seven. The members of the Board of Directors comprise a single class, and at each annual meeting of shareholders all directors are elected. The directors elected at the Annual Meeting will serve until the annual meeting of shareholders in 2021, or until their successors are duly elected and qualified. The Board of Directors may fill directorships resulting from vacancies, and may increase or decrease the number of directors to as many as fifteen or as few as three. Executive officers are appointed annually and serve at the discretion of the Board of Directors.

On February 6, 2020, the Board, on the recommendation of the Nominating Committee, voted to increase its size from five directors to seven directors and to appoint Leigh Walton, who was determined by the Nominating Committee and the Board to be an independent director, and Deborah L. Whitmire, the Company's Executive Vice President, Chief Financial Officer and Treasurer, to fill the newly-created vacancies, effective as of February 10, 2020. Ms. Walton was initially identified as a potential director by a non-employee director of the Board.

Upon the recommendation of the Nominating Committee, the Board of Directors has nominated Theodore H. Ashford III, A. Russell Chandler III, William G. Miller, William G. Miller II, Richard H. Roberts, Leigh Walton and Deborah L. Whitmire, all seven of the current members of the Board of Directors, for election as directors at the Annual Meeting. "See "Corporate Governance – Director Nominations" below for a discussion of factors considered by the Nominating Committee in arriving at its recommendations. Each such nominee has consented to be named herein and to serve as a director, if elected.

Unless contrary instructions are received, shares of Common Stock represented by duly executed proxies will be voted in favor of the election of each of the seven nominees named above to constitute the entire Board of Directors. The Board of Directors has no reason to expect that any nominee will be unable to serve and, therefore, at this time it does not have any substitute nominees under consideration.

In an uncontested election of directors, such as this election, our bylaws require our directors to be elected by a majority of the votes cast with respect to that nominee. A "majority of the votes cast" means that the number of shares voted "for" a director's election exceeds the number of shares voted "against" that director's election. Abstentions do not count as a vote "for" or "against" a director. In a contested election, which is an election where the number of nominees for director exceeds the number of directors to be elected, the nominees are elected by a plurality of the votes cast by holders of the shares of Common Stock entitled to vote at the Annual Meeting. Shareholders have no right to vote cumulatively for directors.

Information concerning the nominees for election, based on data furnished by them, is set forth below. The Board of Directors has determined that Messrs. Ashford, Chandler and Roberts and Ms. Walton are independent directors under the listing standards of the New York Stock Exchange (“NYSE”).

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE “FOR” THE ELECTION OF EACH OF THE SEVEN DIRECTOR NOMINEES.

CORPORATE GOVERNANCE

Governance Highlights

Our corporate governance is structured in a manner that the Board believes closely aligns the Company's interests with those of our shareholders.

Key elements of our corporate governance framework include the following:

✓ Annual election of directors	✓ Majority voting for directors in uncontested election
✓ Our director attendance for Board and Board committee meetings has been 100% for every meeting since 2013	✓ Our directors have a diversity of skills, experience, gender and backgrounds, with two new female directors being added in 2020
✓ Annual say-on-pay vote	✓ All Audit Committee members are financially literate and three out of four are "audit committee financial experts"
✓ No shareholder rights ("poison pill") plan	✓ Overboarding policy that limits our directors from serving on more than two other public company boards or on more than one private company board
✓ The Board has determined that a majority of the members of the Board are independent	✓ Annual Board performance evaluations
✓ Shareholders holding at least 15% of outstanding shares may call special meetings	✓ Single class of voting stock
✓ Anti-hedging and anti-pledging policy for executive officers and directors	✓ All Audit, Compensation and Nominating Committee Chairs and members are independent
✓ Our Corporate Governance Guidelines provide that the Board expects that when a Chairperson, CEO or CFO resigns from that position, he or she will also resign from the Board	✓ Our Code of Business Conduct and Ethics applies to all our directors, executive officers, and employees

Director Nominations

The Nominating Committee and the Board of Directors are committed to ensuring that the Board is comprised of a highly capable group of directors who collectively provide a significant breadth of experience, knowledge and ability to effectively represent the interest of shareholders, enhance shareholder value and reflect our corporate values of integrity, honesty and adherence to high ethical standards.

The Nominating Committee considers qualifications and characteristics that it deems appropriate to further this commitment when it selects individuals to be nominated for election to the Board of Directors. These qualifications and characteristics may include, without limitation, independence, integrity, high personal and professional ethics, business experience, education and professional background, accounting and financial expertise, sound business judgment, an understanding of the Company's business and operations, diversity (including gender, race, ethnicity and age, as well as diversity of business and professional experience and skills), the ability and willingness to commit sufficient time to serve as a director, reputation, civic and community relationships, personal accomplishments and industry knowledge and experience.

In addition, in determining whether to nominate an existing director for re-election to the Board of Directors, the Nominating Committee considers and reviews the existing director's past attendance at Board and committee meetings and the director's participation in and contributions to the activities of the Board.

The Nominating Committee also considers the number of other public company boards and private company boards on which each existing director and each director nominee serves, in addition to serving on the Company's Board. Each director is expected to spend the time and effort necessary to properly discharge such director's responsibilities as a member of the Board and, if applicable, any Board committee(s) on which he or she serves. Accordingly, under the Company's Corporate Governance Guidelines, unless the Board determines that the carrying out of a director's responsibilities to the Company will not be adversely affected by the director's other directorships, directors are limited to serving on not more than two boards of other public companies in addition to the Company's Board, and not more than one board of a private company.

While the Company supports diversity at all levels of the organization, including the Board, and the Nominating Committee considers diversity when evaluating potential candidates for the Board, the Board does not have a formal policy regarding the nomination of diverse directors. The Board believes that each potential nominee should be evaluated based on his or her individual merits and experience. However, as part of its commitment to improving gender diversity on the Board, in February 2020, the Nominating Committee recommended to the Board that it appoint two new female directors, Ms. Walton and Ms. Whitmire, to serve on the Board. The Board, on the recommendation of the Nominating Committee, subsequently voted to increase its size from five directors to seven directors and to appoint Ms. Walton and Ms. Whitmire to fill the newly-created vacancies, effective as of February 10, 2020.

The Board has not adopted any term limit or established any retirement age for directors. The Board believes that longer-serving directors with experience and institutional knowledge bring critical skills and insights to the boardroom, and that imposing director term limits would implicitly discount the value of experience and continuity on the Board. The Board of Directors also believes that longer-tenured directors have a better understanding of the challenges the Company faces and are more comfortable speaking out and challenging management. Accordingly, while director tenure is taken into consideration when making nomination decisions, the Board does not impose across the board limits on director tenure because it believes that doing so could deprive it of the valuable contributions of some of its most experienced members based on an arbitrary determination.

Majority Voting in Uncontested Director Elections

Our bylaws contain a majority voting standard for the election of directors in an uncontested election. Accordingly, each nominee must be elected by the vote of a majority of the votes cast by the shares present in person or represented by proxy. A "majority of the votes cast" means that the number of shares voted "for" a director's election must exceed the number of votes "against" such nominee, excluding abstentions. Abstentions do not count as a vote "for" or "against" a director.

In addition, our Board has adopted a director resignation policy governing procedures in the event that a director does not receive a majority of the votes cast. Pursuant to the Board's director resignation policy, if an incumbent director fails to receive the required vote for re-election in an uncontested election, that director shall promptly tender,

to the Board or its Chairperson, his or her resignation from the Board and from those Board committees on which the director serves, conditioned upon Board acceptance. The Nominating Committee will promptly consider such resignation and then make a recommendation to the Board whether to accept or reject the resignation tendered by such director. The Board will act on the tendered resignation, taking into account the recommendation of the Nominating Committee as well as other potentially relevant factors, no later than 180 days from the date of the certification of the election results. The director whose resignation is under consideration shall not participate in the deliberations of the Nominating Committee or of the Board with respect to his or her resignation.

The Nominating Committee, in making its recommendation, and the Board, in making its decision, may consider any factors or other information that it considers appropriate and relevant, including any stated reasons why the shareholders voted against or withheld votes from such director, the director's tenure, the director's qualifications, the director's past and expected contributions to the Board, and the overall composition of the Board, including whether accepting the resignation as tendered would cause the Company to fail to meet the requirements of any law, regulation, or rule, including but not limited to those of the Securities and Exchange Commission ("SEC") or the listing standards of the NYSE.

Following the Board's decision, the Company will promptly disclose the Board's decision regarding whether to accept or reject the director's resignation offer in a Form 8-K furnished to the SEC. If the Board has decided to reject the tendered resignation or to pursue any additional action, then the disclosure will include the rationale behind the decision.

The Board's director resignation policy is set forth in the Company's Amended and Restated Corporate Governance Guidelines, which are available on the Company's website at www.millerind.com through the "Investor Relations" link.

Independence, Board Meetings and Related Information

Independence

The Board of Directors has determined that a majority of the members of the Board of Directors are "independent," as "independent" is defined under applicable federal securities laws and the listing standards of the NYSE. The independent directors are Messrs. Ashford, Chandler and Roberts and Ms. Walton.

Meetings

The Board of Directors held six meetings during 2019. During 2019, the Board was comprised of Messrs. Ashford, Chandler, Miller, Miller II, and Roberts. All directors serving on the Board during 2019 attended all of the meetings of the Board of Directors and the respective committees of which they were members. The non-management directors meet in executive sessions as a part of the meetings of the Audit Committee. The presiding director at those sessions is selected by the non-management directors on a meeting-by-meeting basis. The Company does not require its directors to attend its annual meeting of shareholders. In 2019, four of the Company's directors serving on the Board during 2019 participated in the annual meeting by telephone and one director attended in person.

Communication with Directors

Interested parties may communicate with any non-management director by mailing a communication to the attention of that director at 8503 Hilltop Drive, Ooltewah, Tennessee 37363.

Committees of the Board of Directors

The Board of Directors has standing Audit, Compensation and Nominating Committees. Generally, members of these committees are elected annually by the Board of Directors, but changes to the committees may be made at the Board of Directors' discretion at any time. These committees operate pursuant to separate written charters adopted by the Board of Directors. These charters, along with the Company's Amended and Restated Corporate Governance Guidelines, are available on the Company's website at www.millerind.com through the "Investor Relations" link. In addition, copies of these charters and guidelines can be obtained upon request from the Company's Corporate Secretary. Pursuant to the charters, each of these Board committees has the right to retain its own legal counsel and other advisors.

Audit Committee

The Audit Committee is comprised of Messrs. Ashford, Chandler and Roberts and Ms. Walton, with Mr. Roberts serving as Chairman. The Board appointed Ms. Walton to serve as a member of the Audit Committee upon her appointment to the Board, effective as of February 10, 2020. The Board of Directors has determined that each of the members of the audit committee is “financially literate” within the meaning of the listing standards of the NYSE, and that each of Messrs. Ashford, Chandler and Roberts qualifies as an “audit committee financial expert” as defined by applicable SEC rules.

The Audit Committee, among other things, recommends the appointment of the Company’s independent registered public accountants, reviews the scope of audits proposed by the Company’s independent registered public accountants, reviews audit reports on various aspects of corporate operations, and periodically consults with the Company’s independent registered public accountants on matters relating to internal financial controls and procedures. The Audit Committee held four meetings during 2019. The report of the Audit Committee is included in this proxy statement beginning on page 25.

Compensation Committee

The Compensation Committee is comprised of Messrs. Ashford, Chandler and Roberts and Ms. Walton, with Mr. Chandler serving as Chairman. The Board appointed Ms. Walton to serve as a member of the Compensation Committee upon her appointment to the Board, effective as of February 10, 2020. The Compensation Committee establishes, among other things, salaries, bonuses and other compensation for the Company’s executive officers, and administers the Company’s equity incentive plans. The Compensation Committee also advises and consults with the Board and management, as necessary, on succession planning and other significant human resources matters, as appropriate. The Compensation Committee held two meetings during 2019. The report of the Compensation Committee is included in this proxy statement beginning on page 19.

Nominating Committee

The Nominating Committee is comprised of Messrs. Ashford, Chandler and Roberts and Ms. Walton, with Mr. Ashford serving as Chairman. The Board appointed Ms. Walton to serve as a member of the Nominating Committee upon her appointment to the Board, effective as of February 10, 2020. The Nominating Committee was established to assist the Board with (i) Board and committee organization, membership and function, (ii) oversight of the evaluation of director qualifications and performance, and (iii) corporate governance. As part of these responsibilities, the Nominating Committee evaluates candidates for service as directors of the Company, conducts the Board’s annual self-assessment process and recommends corporate governance principles for adoption by the Board. The Nominating Committee will consider candidates recommended by shareholders. Shareholder recommendations must comply with the procedures for director nominations set forth in Article I, Section 1.2, of the Company’s bylaws and applicable law. The Nominating Committee held four meetings during 2019.

Board Leadership Structure

The Board of Directors is responsible for overseeing and directing the management of the Company. Mr. William G. Miller serves as the Executive Chairman of the Board. Effective December 2013, Mr. Jeffrey I. Badgley and Mr. William G. Miller II began serving as Co-Chief Executive Officers of the Company. Each of the standing committees of the Board of Directors, the Audit, Compensation and Nominating Committees, is chaired by an independent director and is comprised entirely of independent directors.

The Board of Directors believes that separating the positions of Chairman of the Board and the Co-Chief Executive Officers allows our Co-Chief Executive Officers to focus on our day-to-day business, while allowing the Chairman of the Board to lead our Board of Directors in its fundamental role of providing advice to and oversight of management. Our Board of Directors recognizes the time, effort and energy that the Co-Chief Executive Officers are required to devote to their respective positions in the current business environment, as well as the commitment required to serve as our Chairman, particularly as our Board of Director’s oversight responsibilities continue to grow. Although we do not have a policy mandating the separation of the roles of Chairman and the Co-Chief Executive Officers, our Board of Directors believes that having separate positions is the appropriate leadership structure for the Company at this time.

The Board has not appointed a lead independent director. Currently, the Board consists of seven directors, four of whom are independent. All independent directors serve on all committees of the Board, are able to closely monitor the activities of the Company and meet regularly in executive sessions without management to discuss developments and strategy of the Company. These executive sessions allow all the independent directors to review key decisions and discuss material matters among themselves. Given the active involvement of all of the independent directors with all material matters involving the Board and with management, the Board has determined that a lead independent director is not necessary at this time and that appointing one would risk minimizing the important contributions of the other independent directors. As the composition of the Board changes and/or grows in the future, the Board of Directors may reevaluate the need for a lead independent director.

Risk Management

Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. The Board believes that full and open communication between management and the Board of Directors is essential for effective risk management and oversight. The Board receives regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, strategic, competitive and reputational risks. The Board's risk management includes reviews of cybersecurity vulnerability and the actions necessary to enhance the security of the Company's information systems. Additionally, senior management is available to address any questions or concerns raised by the Board on risk management-related and any other matters.

While the Board is ultimately responsible for risk oversight at the Company, our three Board committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and, in accordance with the NYSE rules, discusses policies with respect to risk assessment and risk management. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance.

Related Transactions and Business Relationships

Policy on Related Party Transactions

The Company recognizes that transactions between the Company or its subsidiaries and any of its directors or executive officers can present potential or actual conflicts of interest. Accordingly, as a general matter it is the Company's preference to avoid such transactions. Nevertheless, the Company recognizes that there are circumstances where such transactions may be in, or not inconsistent with, the best interests of the Company. Therefore, the Company has adopted a formal policy that requires the Company's Audit Committee to review and, if appropriate, approve or ratify any such transactions. Pursuant to the policy, the Audit Committee will review any transaction in which the Company is or will be a participant and the amount involved exceeds \$120,000, and in which any of the Company's directors, executive officers or 5% shareholders had, has or will have a direct or indirect material interest. After its review, the Audit Committee will only approve or ratify those transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

In 2019, the Company held a shareholder advisory vote on the compensation of its named executive officers, commonly referred to as a say-on-pay vote. The Company's shareholders overwhelmingly approved the compensation of the named executive officers with 99.2% of shareholder votes cast in favor of the say-on-pay resolution. As the Compensation Committee evaluated its compensation policies and overall objectives for 2019, it took into consideration this strong support of the shareholders. As a result, the Compensation Committee decided to retain the general approach and structure of the Company's executive compensation program, with an emphasis on the objectives described below. In the future, the Compensation Committee intends to continue to take the results of the annual say-on-pay vote into account.

Overview

This discussion and analysis addresses the material elements of the Company's compensation program for named executive officers, including the Company's compensation objectives and overall compensation philosophy, the compensation process and the administration of the compensation program. It is intended to complement and enhance an understanding of the compensation information presented in the "Summary Compensation Table" and other accompanying tables in this proxy statement.

As used in this proxy statement, the term "named executive officers" refers to the following individuals:

- William G. Miller, the Company's Chairman;
- Jeffrey I. Badgley, the Company's Co-Chief Executive Officer;
- William G. Miller II, the Company's President and Co-Chief Executive Officer;
- Deborah L. Whitmire, the Company's Executive Vice President, Chief Financial Officer and Treasurer;
- Frank Madonia, the Company's Executive Vice President, Secretary and General Counsel; and
- Josias W. Reyneke, the Company's Chief Information Officer.

In this "Compensation Discussion and Analysis" section, the terms "we," "our," "us" and the "Committee" refer to the Compensation Committee of the Company's Board of Directors.

Compensation Objectives and Overall Compensation Philosophy

The Company's executive compensation program is designed to enhance Company profitability, and thus shareholder value, by aligning executive compensation with the Company's expectations and performance, and by establishing a system that can retain and reward executive officers who contribute to the long-term success of the Company. More specifically, the overall goals of the executive compensation program include:

- offering competitive total compensation opportunities to retain talented executives;
- providing strong links between Company performance and total compensation earned – i.e., paying for performance; and
- emphasizing the long-term performance of the Company, thus enhancing shareholder value.

We believe that it is in the best interests of the Company's shareholders and its named executive officers that the Company's executive compensation program, and each of its elements, remains simple and straightforward. This approach should reduce the time and cost involved in setting the Company's executive compensation policies and calculating the payments under such policies, and should enhance the transparency of, and the ability to comprehend, these policies.

The Board of Directors has reviewed our compensation policies and practices as generally applicable to our employees and determined that they do not encourage excessive risk or unnecessary risk taking and do not otherwise create risks that are reasonably likely to have a material adverse effect on the Company.

Administration

The Committee has overall responsibility with respect to approving and monitoring the Company's executive compensation program, and operates under a written Charter, which was last amended and restated by the Company's Board of Directors in March 2014. None of the members of the Committee has been an officer or employee of the Company, and the Board of Directors has considered and determined that all of the members are "independent," as that term is defined under NYSE and SEC rules, and otherwise meet the criteria set forth in the Committee's Charter.

In fulfilling its responsibilities, the Committee, among other things, reviews and approves corporate goals and objectives relevant to the compensation of the named executive officers, evaluates the performance of the named executive officers in light of these goals and objectives, determines and approves compensation of the named executive officers based on these objectives and its evaluations. In the past, the Committee has established criteria for granting stock options to the named executive officers and the Company's other employees, considering the recommendations of senior management, and approved such stock option grants.

We regularly review and discuss the compensation of the named executive officers with William G. Miller, the Company's Chairman, Jeffrey I. Badgley, the Company's Co-Chief Executive Officer, and William G. Miller II, the Company's President and Co-Chief Executive Officer, and consult with them in evaluating the performance of the named executive officers. In addition, Mr. Miller may make recommendations to us regarding compensation for all of the named executive officers, other than for himself, and each of Mr. Badgley and Mr. Miller II may make recommendations to us regarding compensation for all of the named executive officers, other than for themselves.

As discussed in greater detail below, the levels of each element of compensation for the named executive officers are determined based on several factors, which may include the Company's historical performance and relative shareholder return, our informal assessment of compensation paid to executives in comparable industries, the amount and the elements of compensation provided in previous years, the relative compensation levels of our executive officers, the importance of retaining a named executive officer, a named executive officer's potential to assume greater responsibilities in the future, our expectations for the Company's future financial performance and other matters that we deem relevant. In addition, we consider the years and level of experience and the responsibilities of each named executive officer, his or her individual performance and the personal contributions he or she makes to the success of the Company. Leadership skills, analytical skills, organization development, public affairs and civic involvement have been and will continue to be deemed to be important qualitative factors to take into account in considering elements and levels of compensation. We have not adopted any formal or informal policy for allocating compensation between long-term and short-term elements, between cash and non-cash or among the different possible forms of non-cash compensation.

In 2019, the Company's executive compensation program again consisted primarily of base salary and annual cash performance bonuses. In addition to base salary and cash bonuses, the Company has provided, and will continue to provide, its named executive officers with certain benefits, such as healthcare plans, that are available to all employees, and certain other perquisites that do not exceed \$10,000 in the aggregate for any executive officer. While the Company has not granted any stock option awards since 2008, stock options were at one time elements of the Company's executive compensation program and may again become part of the Company's executive compensation program in the future.

Elements of Compensation

Base Salary. We determine the base salary for each of the named executive officers annually based on, among other things, the executive's experience and the scope of the executive's responsibilities, the executive's performance and the performance of the Company, our expectations for the Company's future financial performance, our informal assessment of salaries paid to executives in comparable industries, and other factors described above. We believe that base salaries are an important part of the Company's executive compensation program because they provide the named executive officers with a steady income stream that is not contingent upon the Company's overall performance.

In March 2019, the Committee approved an annual base salary for Mr. Miller of \$319,737, Mr. Badgley and Mr. Miller II of \$489,250, Ms. Whitmire of \$267,800, Mr. Madonia of \$267,800, and Mr. Reyneke of \$206,000, each effective January 1, 2019. In March 2020, the Committee approved an annual base salary increase for all executive officers of 3% (other than for Mr. Miller), which is the same salary increase applicable to all Company employees generally. As a result, the Committee approved an annual base salary for Mr. Badgley and Mr. Miller II of \$503,928,

Ms. Whitmire of \$275,834, Mr. Madonia of \$275,834, and Mr. Reyneke of \$212,180, each effective January 1, 2020. Mr. Miller continued his practice of declining to accept an increase in his salary.

Annual Cash Bonuses – Co-Chief Executive Officer Cash Bonus Program. The purpose of the Company’s annual cash bonus program for the Company’s Co-Chief Executive Officers is to align short-term incentive bonuses with the achievement of annual corporate profitability. Annual cash bonuses under this program, as opposed to grants of stock options or other equity-based awards, are designed to provide additional compensation to the Co-Chief Executive Officers, and to more immediately reward them in direct relation to the Company’s net income achieved during the performance period. The immediacy of these cash bonuses provides an incentive to the Co-Chief Executive Officers to raise their level of performance in order to increase the Company’s overall level of profitability. Thus, we believe that bonuses under the cash bonus program are an important motivating factor for the Co-Chief Executive Officers.

In 2011, in connection with Mr. Badgley becoming the Chief Executive Officer, the Committee approved a cash bonus plan for Mr. Badgley that was subsequently terminated on September 5, 2018. Prior to its termination, the plan provided an annual bonus equal to 1.0% of the first \$20 million of the Company’s pretax net income, and 0.5% of pretax net income in excess of \$20 million, subject to Compensation Committee discretion to decrease such amount as it deemed appropriate. For 2017, the Committee exercised its discretion under the bonus plan and determined that Mr. Badgley and Mr. Miller II, as the Co-Chief Executive Officers of the Company, would each receive an amount equal to half of the cash bonus that was payable under the plan with regard to 2017 performance. Accordingly, in March 2018, the Committee awarded each of Mr. Badgley and Mr. Miller II a cash bonus of \$152,765, each with regard to 2017 performance.

On September 5, 2018, the Committee adopted a revised cash bonus program for the Company’s Co-Chief Executive Officers, effective as of January 1, 2018, which replaced the previous cash bonus plan for Mr. Badgley. The cash bonus program provides that Messrs. Badgley and Miller II shall be entitled to receive an annual cash bonus award pursuant to the following formula if the Company’s income before income taxes (excluding any currency adjustments) (“Pretax Income”) exceeds \$10 million for the most recently completed fiscal year:

- for Pretax Income in the applicable fiscal year of less than \$10 million, each Co-Chief Executive Officer shall not be entitled to any bonus under this cash bonus program;
- for Pretax Income in the applicable fiscal year of up to \$30 million, each Co-Chief Executive Officer shall be entitled to receive 0.5% of such Pretax Income;
- for Pretax Income in the applicable fiscal year exceeding \$30 million and up to \$35 million, each Co-Chief Executive Officer shall be entitled to receive 1.0% of such Pretax Income; and
- for Pretax Income in the applicable fiscal year exceeding \$35 million, each Co-Chief Executive Officer shall be entitled to receive 1.5% of such Pretax Income.

The Company retains the right to modify, amend or terminate the cash bonus program at any time.

In March 2019, the Committee awarded each of Mr. Badgley and Mr. Miller II a cash bonus of \$299,952 under the cash bonus program, each with regard to 2018 performance, which amounts were derived from application of the formula above to the Company’s Pretax Income in 2018.

In March 2020, the Committee awarded each of Mr. Badgley and Mr. Miller II a cash bonus of \$430,777 under the cash bonus program, each with regard to 2019 performance, which amounts were derived from application of the formula above to the Company’s Pretax Income in 2019.

The amounts of all of these non-equity incentive plan cash bonuses paid to the Co-Chief Executive Officers are set forth in the “Summary Compensation Table.”

Annual Cash Bonuses – Discretionary Cash Bonuses. We also utilize annual discretionary cash bonuses to provide additional compensation to the named executive officers and to reward them for their performance. We have not adopted any formal or informal performance or other objectives for the calculation or payment of these discretionary bonuses. Instead, in determining an annual discretionary bonus, we consider, among other things, the Company’s performance for the previous year and relative shareholder value created, discretionary bonuses awarded in previous

years, the performance of the named executive officer and his or her personal contributions to the success of the Company.

Annual discretionary cash bonuses, as opposed to grants of stock options or other equity-based awards, are designed to provide additional compensation to the named executive officers, and to more immediately reward them for their performance. The immediacy of these bonuses provides an incentive to the named executive officers to raise their level of performance, and thus the Company’s overall level of performance. Thus, we believe that discretionary cash bonuses are an important motivating factor for the named executive officers.

In March 2019, based primarily on the Company’s and the individual executive officer’s performance in 2018, we determined to pay annual discretionary cash bonuses to the following named executive officers:

Deborah L. Whitmire	\$	130,000
Frank Madonia	\$	70,000
Josias W. Reyneke	\$	85,000

The amounts of the above cash bonuses paid to the named executive officers in 2019 are set forth in the “Summary Compensation Table.”

In addition, in March 2020, based primarily on the Company’s and the individual executive officer’s performance in 2019, we determined to pay annual discretionary cash bonuses to the following named executive officers:

Deborah L. Whitmire	\$	170,000
Frank Madonia	\$	90,000
Josias W. Reyneke	\$	110,000

The amounts of the above cash bonuses paid to the named executive officers in 2020 will be set forth in the “Summary Compensation Table” in the proxy statement for the Company’s 2021 annual meeting of shareholders.

Equity Awards. While we have not awarded equity-based compensation since granting stock options in 2008, the Board of Directors has adopted the Company’s 2016 Stock Incentive Plan, which was approved by our shareholders at the 2017 Annual Meeting and permits the issuance of awards in a variety of forms, including non-qualified stock options and incentive stock options, stock appreciation rights, restricted stock awards and performance shares. Thus, we are authorized to grant equity-based awards in the future as a part of the Company’s overall executive compensation philosophy, and may consider doing so in the future.

Other Compensation. The named executive officers currently are entitled to participate in the Company’s health, life and disability insurance plans and in our 401(k) plan to the same extent that the Company’s employees are entitled to participate.

Policy with Respect to Qualifying Compensation for Deductibility

For taxable years beginning before January 1, 2018, Section 162(m) of the Internal Revenue Code imposed a limit on federal income tax deductibility for annual compensation in excess of one million dollars paid by a public corporation to its Chief Executive Officer and its other three most highly compensated executive officers (other than the Chief Financial Officer). Compensation in excess of one million dollars could be deducted, however, if it qualified as “performance-based compensation” within the meaning of Section 162(m) or qualified for one of the other exemptions from the deductibility limit. The Company’s compensation program was designed to satisfy the exemption under Section 162(m).

As a result of new tax legislation that was enacted December 22, 2017, the exemption for performance-based compensation has been repealed, effective for tax years beginning after December 31, 2017, and the number of employees who will be considered “covered employees” subject to the 162(m) limit has been expanded to include the Chief Financial Officer (who was previously excluded) and certain former named executive officers. As a result of these changes, compensation in excess of \$1 million paid to executive officers covered by Section 162(m)’s deduction limit will not be deductible in 2018 or future years unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. The deductibility of compensation is one of the factors the

Compensation Committee considers in its compensation policies, but the Compensation Committee reserves the right to award nondeductible compensation when appropriate to accomplish its compensation objectives. The Compensation Committee will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained under that heading in this proxy statement. On the basis of its reviews and discussions, the Compensation Committee has recommended that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2019, and this proxy statement.

Additional Discussion of Material Items in Summary Compensation Table

The Company's executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table was paid or awarded, are described above under "Compensation Discussion and Analysis." A summary of certain material terms of the Company's compensation plans and arrangements is set forth below.

Employment Agreements with Named Executive Officers

During 2019, the Company did not have any employment agreements with its named executive officers.

Equity Incentive Plans

In August 2016, the Board of Directors adopted the Company's 2016 Stock Incentive Plan, which was approved by the Company's shareholders at the 2017 Annual Meeting. During 2019, no awards were granted under the Company's 2016 Stock Incentive Plan. However, the Company may grant equity-based awards in the future as a part of the Company's overall executive compensation philosophy.

Contributory Retirement Plan

The Company maintains a contributory retirement plan for all full-time employees with at least 90 days of service. The plan is designed to provide tax-deferred income to the Company's employees in accordance with the provisions of Section 401(k) of the Internal Revenue Code. The plan provides that each participant may contribute up to 15% of his or her salary. For 2019, the Company matched 50% of the first 5% of participant contributions. Matching contributions vest over the first five years of employment.

Outstanding Equity Awards at Fiscal Year-End 2019

None of the named executive officers had any unexercised stock options or unvested shares of Common Stock as of December 31, 2019.

Option Exercises and Stock Vested in 2019

None of the named executive officers exercised any Company stock options or had any shares of Common Stock vest during 2019.

Potential Payments upon Termination or Change in Control

During 2019, none of the named executive officers had any employment agreement or change in control agreement with the Company that would provide compensation to such named executive officer upon the occurrence of a change in control of the Company or termination of employment.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, a public company is required to disclose in its proxy statement the median of the annual total compensation of its employees, the annual total compensation of its chief executive officer and the ratio of these two amounts. The Company had two Co-Chief Executive Officers, Mr. Badgley and Mr. Miller II, who served concurrently during 2019 and each received annual total compensation of \$929,877 during 2019, as disclosed in the Summary Compensation Table in this proxy statement.

The median employee that was used for purposes of calculating the ratio of the annualized total compensation of our two Co-Chief Executive Officers to the median of the annual total compensation of all employees is the same employee that was identified for purposes of the pay ratio disclosed in our 2018 proxy statement. There has been no change in our employee population or employee compensation arrangements since that median employee was identified that we believe would significantly impact our pay ratio disclosure. The median employee was identified using the Company's employee population on December 31, 2017. The Company determined that, as of December 31, 2017, its employee population consisted of 1,165 employees, the large majority of which are located in the United States. This population consisted of the Company's full-time, part-time, seasonal and temporary employees. In determining the median employee, the Company excluded from its employee population all of its employees located in the United Kingdom (55 employees) pursuant to a de minimis exemption permitted under applicable SEC rules. The median employee is located in the United States.

To identify the median employee from the Company's employee population, the Company compared the amount of total taxable wages paid to its employees during 2017, as reported to the Internal Revenue Service on Form W-2 for U.S. employees or the equivalent agency for non-U.S. employees. For purposes of the compensation elements paid in Euro, the Company applied a Euro to U.S. dollar exchange rate using the average yearly rate of exchange during 2017 of Euros to U.S. dollars of \$1.1291. No cost-of-living adjustments were made in identifying the median employee.

After the median employee was identified in 2017, such employee's annual total compensation was calculated for 2019 using the same methodology used for the Company's named executive officers as set forth in the Summary Compensation Table of this proxy statement. The annual total compensation reflected in this disclosure for each of the median employee and the Co-Chief Executive Officers includes any Company contributions to such person's 401(k) plan under the plan's matching program and any life insurance premiums paid by the Company on behalf of such person during the applicable fiscal year.

For 2019, the annual total compensation of the median employee was \$48,630; and the annual total compensation of each of Mr. Badgley and Mr. Miller II, as reported in the Summary Compensation Table in this proxy statement, was \$929,877. Based on this information, for 2019 the ratio of the annual total compensation of each of Mr. Badgley and Mr. Miller II, our Co-Chief Executive Officers, to the median of the annual total compensation of all employees was 19 to 1.

The SEC rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation permit companies to use various methodologies and assumptions, to apply certain exclusions and

to make reasonable estimates that reflect their employee populations and compensation practices. As such, the pay ratio reported by other companies may not be comparable with the pay ratio that the Company has reported.

Non-Employee Director Compensation for 2019

The current compensation program for the Company’s non-employee directors is designed to pay directors for work required for a company of Miller Industries’ size and scope and to align the director’s interests with the long-term interests of Company shareholders. In early 2017, the Board of Directors reviewed reports and surveys of BDO USA, LLP, FW Cook, Steven Hall & Partners and the National Association of Corporate Directors in collaboration with Pearl Meyer, in each case focusing on director compensation and pay practices for the Company’s peer groups against which the Company benchmarks its executive compensation program. None of the reports, surveys or information considered by the Board of Directors in early 2017 was customized for the Company. As a result of this review, the Board of Directors decided to increase the annual cash and equity compensation of non-employee directors beginning in 2017 from \$32,000 to \$50,000 each, to eliminate fees for regular meetings of the Audit, Compensation and Nominating Committees while retaining the \$3,000 fee per quarterly Board meeting, and to reevaluate the non-employee director compensation program again in 2021.

In 2019, the Compensation Committee updated its prior review of third party reports and surveys regarding director compensation and determined not to recommend any changes to the existing non-employee director compensation program.

Non-employee directors receive annual compensation comprised of a cash component and an equity component. During 2019, each non-employee director received an annual cash payment of \$50,000 as compensation for service on the Board of Directors. The Audit Committee Chair also received an annual cash payment of \$20,000 for serving in such capacity. During 2019, the non-employee directors continued to receive a \$3,000 fee per quarterly Board meeting but did not receive director compensation for meetings of the Audit, Compensation or Nominating Committees of the Board.

Under the Company’s 2013 Non-Employee Director Stock Plan, as amended, each non-employee director is entitled to receive an annual award of fully-vested shares of Common Stock equal to \$50,000 divided by the closing price of the Common Stock on January 1st of each year (or the closing price on the last preceding date on which sales of the Company’s Common Stock were reported). On January 1, 2019, each of Messrs. Ashford, Chandler and Roberts was granted 1,852 shares of Common Stock, which number of shares was determined by dividing \$50,000 by \$27.00, the closing price per share of Common Stock as reported on the NYSE on December 31, 2019, the closing price on the last preceding date on which sales of Common Stock were reported.

The members of the Board of Directors who are employees of the Company do not receive additional compensation for Board or committee service.

The following table reflects all compensation paid to non-employee directors during 2019.

Name ⁽¹⁾	Fees Earned or Paid in Cash ⁽²⁾	Stock Awards ⁽³⁾	Total
Theodore H. Ashford III ⁽⁴⁾	\$ 62,000	\$ 50,000	\$ 112,000
A. Russell Chandler III ⁽⁴⁾	\$ 62,000	\$ 50,000	\$ 112,000
Richard H. Roberts ⁽⁴⁾⁽⁵⁾	\$ 82,000	\$ 50,000	\$ 132,000

(1) Mr. Miller and Mr. Miller II served as directors of the Company during 2019 but are excluded from this section as each is an employee of the Company and did not receive additional compensation for their services as members of the Board of Directors during 2019. Mr. Miller and Mr. Miller II are two of our named executive officers. Ms. Whitmire and Ms. Walton are not included in this section because neither served as a director during 2019.

(2) Reflects annual cash payment to director of \$50,000 during 2019, plus attendance fees for quarterly Board meetings of \$3,000 per meeting.

(3) Reflects annual equity awards of fully-vested shares to director of \$50,000 during 2019. Reflects the grant date fair value of annual Common Stock awards. The fair value of the awards of Common Stock was determined by

reference to the market price of the underlying shares on the grant date and in accordance with FASB ASC Topic 718. At December 31, 2019, the non-employee directors did not hold any unexercised options or unvested stock awards.

- (4) Member of the Audit, Compensation and Nominating Committees of the Board of Directors.
- (5) The Audit Committee Chair receives an annual cash payment of \$20,000 for serving as Audit Committee Chair.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our shareholders to vote to approve, on an advisory (non-binding), basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC’s rules. At the 2017 annual meeting, our shareholders approved, on an advisory basis, holding the advisory vote on executive compensation on an annual basis, as recommended by the Board of Directors. The Board of Directors subsequently decided to hold the say-on-pay vote at each annual meeting.

As described in detail under the heading “Compensation of Executive Officers and Directors—Compensation Discussion and Analysis,” the primary objectives of our executive compensation program are to: offer competitive total compensation opportunities to retain talented executives, provide strong links between Company performance and total compensation earned, emphasize the long-term performance of the Company, thus enhancing shareholder value, and promoting and facilitating stock ownership by executive officers. Please read the “Compensation Discussion and Analysis” beginning on page 15 for additional details about our executive compensation programs, including information about the fiscal year 2019 compensation of our named executive officers.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers. Accordingly, we are asking our shareholders to vote “FOR” the following resolution at the annual meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of the Securities and Exchange Commission’s Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure, in the Company’s Proxy Statement for its 2020 Annual Meeting is hereby APPROVED.”

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board of Directors. However, the Compensation Committee and the Board of Directors currently intends to take into account the outcome of the most recent advisory vote on named executive officer compensation when considering future executive compensation arrangements for the named executive officers, although it is under no obligation to do so. This proposal will be approved if the number of votes cast in favor of approving the non-binding resolution exceeds those cast against it.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

ACCOUNTING MATTERS

Audit Committee Report

The Company's Audit Committee is comprised of four independent members, as required by applicable listing standards of the NYSE. The Audit Committee acts pursuant to a written Charter, which was last amended and restated by the Board of Directors in March 2014. The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent registered public accountants, Elliott Davis, LLC is responsible for performing an independent audit of the Company's consolidated financial statements and an audit of the effectiveness of the Company's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (U.S.) (PCAOB) and issuing reports with respect to these matters, including expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and the independent registered public accountants. In addition, the Audit Committee has discussed with the Company's independent registered public accountants the matters required by the applicable requirements of the PCAOB and the SEC. In addition, the Audit Committee has received the written disclosures from the independent registered public accountants required by applicable requirements of the PCAOB regarding the independent registered public accountants communications with the Audit Committee concerning independence, and has discussed with the independent registered public accountants their independence. The Audit Committee has also considered whether the provision of non-audit services by the independent registered public accountants is compatible with maintaining such accountants' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent registered public accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's consolidated financial statements has been carried out in accordance with the standards of the PCAOB, that the consolidated financial statements are presented in accordance with generally accepted accounting principles, or that the Company's independent registered public accountants are in fact "independent."

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2019 for filing with the SEC.

This report is respectfully submitted by the Audit Committee of the Board of Directors.
