

Congratulations

Frontline Leadership Academy Graduates

We are happy to congratulate our newest Frontline Leadership Academy Graduates.

This is the fourth class to complete the 6-month program since its beginning in January 2021.

This program allows employees to utilize their off days to develop valuable leadership skills, such as communication, public speaking, and conflict resolution.

James Fulks, the Organizational Development Specialist who coordinates the program, notes that it is a professional development program designed to help employees best position themselves for future leadership roles within the company.
