

Hello Everyone! My name is Jackie Stanfield.

I am thrilled to introduce myself to you as the new Employee Engagement and Communications Specialist! In this role, I look forward to leading engagement initiatives and various internal communication projects, planning some fun events and contributing to making this an even more amazing workplace. I come from a background in automotive, heavy equipment and logistics and the thing that I am passionate about is positively contributing to your employee experience here and making it the best it can be.

I hold a bachelor's degree in communication from UTC (Go Mocs!) and an MBA from Northcentral University in human resources management. In my spare time, I love to hang out and watch movies with my son, play with my cats or work on learning a new skill, like cooking something new or learning a language and I always want to see pictures of your pets or kiddos. I cannot wait to get to know all of you and work with you!
