Re: Organizational Changes in Large Wrecker
Date: 06/28/2024

Effectively immediately, Kaitlyn McAfee is no longer with Miller Industries. We wish Kaitlyn the best in her future endeavors.

Moving forward, all departments within the Large Wrecker business unit will now report to Spencer Adams. This includes Plant 2, Weld, Finish Paint, Main Line Paint, Assembly, Dress Out, Wiring, and Install.

If you were working with Kaitlyn or require assistance with tasks previously handled by Kaitlyn, please reach out to Spencer.
