# Set up Infor HCM Live system (PRD)

1. From your device app store, type "Infor go" in the search bar and select the "Infor go" app. Click install & then "Continue".

*if you have already installed the app and logged in before in either TRN or TST, please follow the next steps 1a, 1b, and 1c to sign out of the existing environment before going to step 2.

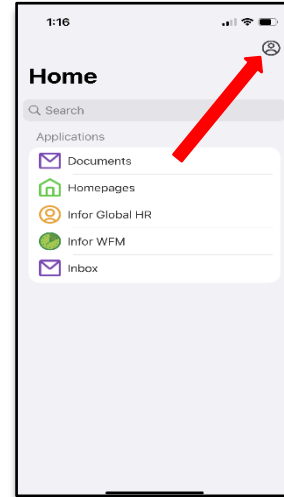

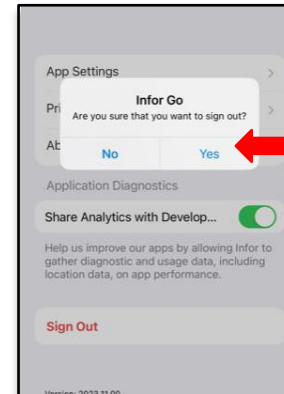

1b. Select "Sign Out at the bottom of the screen.

*2. To set up your login, you'll need to connect the app to the correct company. Select "Settings".*

*1a. Select the "user" icon in the top right of your screen.*

1c. Select "Yes".

3. If you see TRN or TST environments, delete those by pressing and sliding finger to the left, then selecting the delete button.

Then press Delete

Press and Slide finger to the left

4. Click the Plus Icon (+). Then Press the blue "Scan QR code" button.

5. Scan the QR Code below based on your phone type Once you've scanned the code press "continue".

PRD – Production system
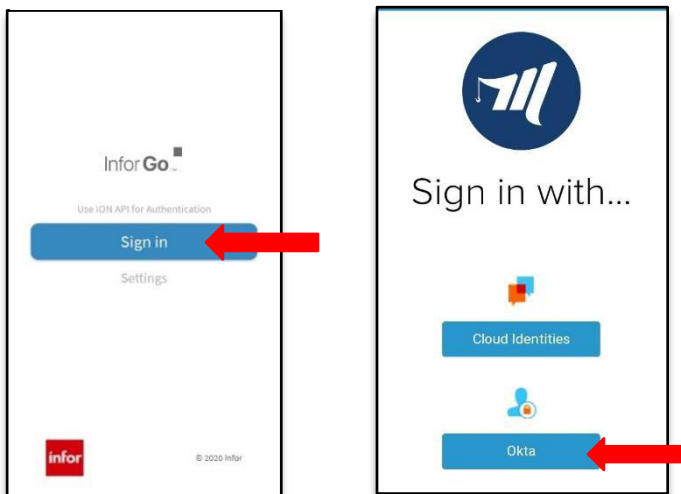

## *Android*   ## *Apple*

5. Click, "Sign in" & then select "Okta".

6. Enter your active directory (Main Miller) Username & Password.

Your username is your miller email. For example: *dvader@millerind.com*

Your password is the one you use to login to a company computer or the one you set up in training.
